

The City of Vernon is nestled between three beautiful lakes with easy access to world recognized ski resorts, golf, wineries and orchards. The City offers a rich heritage and a culturally diverse environment. Vernon's temperate climate with four distinct seasons, old world charm and new world conveniences, has established Vernon as one of the fastest growing communities in the North Okanagan. Imagine yourself surrounded in the Okanagan's natural beauty and lifestyle.

Reporting to the Manager, Engineering & GIS Services, this position is responsible for the capture, mapping, analysis and reporting of GIS data using the City's computerised drafting and Geographic Information Systems (GIS), and related software, as well as providing related in-house GIS training and support. This position also provides software and implementation support for the City's various capital asset management programs.

The City of Vernon is currently searching for a GIS savvy individual to fill the following position:

GIS/Asset Management Analyst (Full-time - Permanent)

Competition #: 54-COV-13

Closing Date: August 2, 2013

Rate of Pay: \$33.79 per hour (as per CUPE, Local 626, Vernon Civic Employees Collective Agreement)

For further information, please see our website at www.vernon.ca for a complete job description and method of application.
