

Create the city of tomorrow, today.

ENGINEERING CAREERS

The City of Surrey is a place of innovative transformation and accelerated growth—where the future is limitless and possibilities are endless. If you are excited about helping to build the city of tomorrow—and you share our values of integrity, service, teamwork, innovation and community—join us, today.

GIS ANALYST 1

Do you want to work with an innovative and award winning team? Do you thrive working in a fast paced, dynamic, and fun environment? Our GIS team is looking to add you as a key member. If you share the same passion and are interested in a career that offers challenge and growth, we encourage you to keep reading.

In this role, you will be required to act as a project leader on projects in a preliminary investigation, design implementation and post-implementation review of GIS applications. You will also customize and support GIS applications with programming tools to meet end user needs and assist in the ongoing sustainment, development and delivery of the City's GIS, including COSMOS.

- You must have a minimum of a Bachelor's Degree in a directly related field
- You must have two (2) years related GIS experience using spatial applications or an equivalent acceptable combination of training and experience
- A valid BC Driver's License with a safe driving history is a must
