

Where ideas work

**Ministry of Transportation and Infrastructure
Coquitlam**

Geospatial Analyst

\$59,802.68 - \$68,060.72 annually [as of April 12, 2020]

An excellent opportunity to apply your natural resource expertise in a vibrant work environment!

The Ministry of Transportation and Infrastructure South Coast Region [SCR] prides itself on living their value statement of **Seeing Things Differently. Creating an Impact. Reaching There Together**. As part of SCR's commitment to providing the best possible service for the residents of British Columbia, the SCR is committed to building the best possible team.

Reporting to the Regional Manager of the Business Management Services, the Geospatial Analyst will be developing the GIS program in the region and will be conducting advanced spatial data analysis in support of regional management decision-making on resource planning, land management or other program issues.

Wondering what it's like to work at the BC Ministry of Transportation and Infrastructure? Take a look to see what it means to be a part of our team: [Thinking of Joining the Ministry of Transportation & Infrastructure?](#)

Qualifications for this role include:

- Diploma level education in both geographic information systems and natural resource management, or equivalent.
- Experience designing and developing customized spatial applications and preparing recommendations based on natural resource interpretations.
- Experience delivering spatial analysis projects in support of client's business needs.
