

Where ideas work

Ministry of Forests
Multiple locations

Currently, we have three positions available: two full-time permanent opportunities and one temporary opportunity available until December 30, 2022. This temporary opportunity may be extended or become permanent.

This position may be located in any BC Timber Sales office, dependent on space and operational requirements. For a full list of BC Timber Sales offices, please click [here](#).

GIS Mapping Technician
\$56,032.51 - \$63,565.27 annually

BC Timber Sales (BCTS) manages about 20 per cent of the province's allowable annual cut for Crown timber, generating economic prosperity for British Columbians through the safe, sustainable development and auction of Crown timber. The goal of BCTS is to provide credible representative price and cost benchmark data for the market pricing system through auctions of timber harvested from public land in BC.

The GIS Mapping Technician creates digital, graphic and descriptive products to support resource planning through the use of GIS. The GIS Mapping Technician supports planning and operational initiatives through data input, manipulation, and quality control as well as map production and generation of associated reports for GIS analysis to provide insight into resource management.

The BC Public Service is committed to creating a [diverse workplace](#) to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

Qualifications for this role include:

- Diploma or degree in geographic information systems, or in a related field, such as natural resources or geography and one year of related experience.
OR
Equivalent combination of training and three years related experience.
- Experience capturing, converting, creating, editing and maintaining digital information in a GIS environment.
- Experience creating a variety of digital, geographical and descriptive products including thematic maps, terrain models and associated descriptive statistics.
